- 2.1 EXPENSES ALLOWED:** Expenses are not allowed as follows: N/A.
- 2.2 DISCOUNT:** The State may receive a N/A % discount for payment within N/A days of receipt of correct invoice.
- 2.3 VENDOR'S PRICING:** Attach additional pages if necessary.
- 2.4.1. Vendor's Price for the Initial Term: 22,954.40.
- 2.4.2. Renewal Compensation: If the contract is renewed, the price shall be at the same rate as for the initial term unless a different compensation or formula for determining the renewal compensation is stated in this section.
- 2.4.2.1 Illinois Tollway's Formula for Determining Renewal Compensation: Bid prices shall remain fixed throughout the first twenty four (24) months of the initial Contract term. For each twenty four (24) month anniversary thereafter, annual price adjustments of the Contract pricing may be made after receipt of a written request from the Vendor. A written request for an annual price adjustment must be made no later than sixty (60) calendar days before the expiration of the initial Contract term and each subsequent twenty four (24)-month renewal period.

The annual price adjustment is subject to acceptable performance by the Vendor and contingent upon the Tollway's Board of Directors' approval for the procurement of goods or services provided for in this Contract. If the Vendor does not request a price adjustment within such sixty (60) calendar-day period, the Vendor shall not be entitled to a price adjustment for the upcoming year. Annual requests for price adjustments shall be based on the Producer Price Index ("PPI") for "Waste Collection," Series ID: PCU56215621, not seasonally adjusted, as it appears in the periodical Producer Price Indices published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS") found at <http://www.bls.gov>, although this URL is subject to change. (To access the data, click on Data Tools; under Data Retrieval Tools, click on Series Report. Under Series ID, enter PCU56215621, click next, click Retrieve Data. Select commodity data and then select Group "Waste Collection" and Item "Waste Collection"). Should the BLS discontinue the commodity code listed above, the next higher level index shall be used to calculate the price adjustment.

All price adjustment calculations shall be based upon the latest version of the PPI available at the time of the price adjustment. The effective date of an adjustment shall be the first day of the renewal term. If the PPI data is not available for any month of the final three (3) full months of the annual Contract period, the average of the PPI data for the most recent three (3) full months preceding the anniversary of the Contract shall be used in computing the price adjustment. The adjusted Contract price shall be determined by performing the following calculation: the original Contract price(s) shall be multiplied by the index percent change and then rounded to two (2) decimal places. The index percent change shall be calculated by subtracting the base period index value from the average index value of the last full three (3) months of the annual Contract period available at the time of the price adjustment and then the result shall be divided by the base period index value. The base period index value for the first allowable price increase is the index value for the start date of the initial term of the Contract and for all subsequent allowable price increase(s). The adjusted Contract price(s) may be higher or lower than the original Contract pricing, as dictated by the applicable index values. Any price adjustments requested in subsequent years of the agreement shall be calculated in the same manner. In no case shall any price increase for the renewal period exceed 4% of the previous price.

2.4.2.2 Vendor's Price for Renewal(s): Refer to Section 2.4.2.1.

2.4 MAXIMUM AMOUNT: Vendor's compensation for (services) under this Contract shall not exceed \$ 27,545.28 during the initial term without a formal amendment.

3. TERM AND TERMINATION

3.1 **TERM OF THIS CONTRACT:** This contract has an initial term of February 28, 2021 to February 27, 2023. If a start date is not identified, the term shall commence upon the last dated signature of the Parties.

DOH EDB DOH

3.1.1 In no event will the total term of the contract, including the initial term, any renewal terms and any extensions, exceed 10 years.

3.1.2 Vendor shall not commence billable work in furtherance of the contract prior to final execution of the contract except when permitted pursuant to 30 ILCS 500/20-80.

3.2 RENEWAL:

3.2.1. Any renewal is subject to the same terms and conditions as the original contract unless otherwise provided in the pricing section. The State may renew this contract for any or all of the option periods specified, may exercise any of the renewal options early, and may exercise more than one option at a time based on continuing need and favorable market conditions, when in the best interest of the State. The contract may neither renew automatically nor renew solely at the Vendor's option.

3.2.2. Pricing for the renewal term(s), or the formula for determining price, is shown in the pricing section of this contract.

3.2.3. The State reserves the right to renew for a total of Four (4) years in any one of the following manners:

3.2.3.1 One renewal covering the entire renewal allowance;

3.2.3.2 Individual one-year renewals up to and including the entire renewal allowance; or

3.2.3.3 Any combination of full or partial year renewals up to and including the entire renewal allowance.

3.3 **TERMINATION FOR CAUSE:** The State may terminate this contract, in whole or in part, immediately upon notice to the Vendor if: (a) the State determines that the actions or inactions of the Vendor, its agents, employees or subcontractors have caused, or reasonably could cause, jeopardy to health, safety, or property, or (b) the Vendor has notified the State that it is unable or unwilling to perform the contract.

If Vendor fails to perform to the State's satisfaction any material requirement of this contract, is in violation of a material provision of this contract, or the State determines that the Vendor lacks the financial resources to perform the contract, the State shall provide written notice to the Vendor to cure the problem identified within the period of time specified in the State's written notice. If not cured by that date the State may either: (a) immediately terminate the contract without additional written notice or (b) enforce the terms and conditions of the contract.

For termination due to any of the causes contained in this Section, the State retains its rights to seek any available legal or equitable remedies and damages.

3.4 TERMINATION FOR CONVENIENCE: The State may, for its convenience and with thirty (30) days prior written notice to Vendor, terminate this contract in whole or in part and without payment of any penalty or incurring any further obligation to the Vendor.

3.4.1. Upon submission of invoices and proof of claim, the Vendor shall be entitled to compensation for supplies and services provided in compliance with this contract up to and including the date of termination.

3.5 AVAILABILITY OF APPROPRIATION: This contract is contingent upon and subject to the availability of funds. The State, at its sole option, may terminate or suspend this contract, in whole or in part, without penalty or further payment being required, if (1) the Illinois General Assembly or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason (30 ILCS 500/20-60), (2) the Governor decreases the Department's funding by reserving some or all of the Department's appropriation(s) pursuant to power delegated to the Governor by the Illinois General Assembly, or (3) the Department determines, in its sole discretion or as directed by the Office of the Governor, that a reduction is necessary or advisable based upon actual or projected budgetary considerations. Contractor will be notified in writing of the failure of appropriation or of a reduction or decrease.

4. STANDARD BUSINESS TERMS AND CONDITIONS

- 4.1.1 Late Payment: Payments, including late payment charges, will be paid in accordance with the State Prompt Payment Act and rules when applicable. 30 ILCS 540; 74 Ill. Adm. Code 900. This shall be Vendor's sole remedy for late payments by the State. Payment terms contained on Vendor's invoices shall have no force and effect.
- 4.1.2 Minority Contractor Initiative: Any Vendor awarded a contract under Section 20-10, 20-15, 20-25 or 20-30 of the Illinois Procurement Code (30 ILCS 500) of \$1,000 or more is required to pay a fee of \$15. The Comptroller shall deduct the fee from the first check issued to the Vendor under the contract and deposit the fee in the Comptroller's Administrative Fund. 15 ILCS 405/23.9.
- 4.1.3 Expenses: The State will not pay for supplies provided or services rendered, including related expenses, incurred prior to the execution of this contract by the Parties even if the effective date of the contract is prior to execution.

Examples of prevailing wage categories include public works, printing, janitorial, window washing, building and grounds services, site technician services, natural resource services, security guard and food services. The prevailing wages are revised by the Illinois Department of Labor (DOL) and are available on DOL's official website, which shall be deemed proper notification of any rate changes under this subsection. Vendor is responsible for contacting DOL at 217-782-6206 or (<http://www.state.il.us/agency/idol/index.htm>) to ensure understanding of prevailing wage requirements.
- 4.1.5 Federal Funding: This contract may be partially or totally funded with Federal funds. If Federal funds are expected to be used, then the percentage of the good/service paid using Federal funds and the total Federal funds expected to be used will be provided to the awarded Vendor in the notice of intent to award.
