

THE ILLINOIS STATE TOLL HIGHWAY AUTHORITY
Tollway Headquarters
2700 Ogden Avenue
Downers Grove, Illinois 60515

Governor JB Pritzker
Secretary Omer Osman
Director James Connolly
Director Alice Gallagher
Director Jacqueline Gomez

Director Karen McConnaughay
Director Scott Paddock
Director Gary Perinar
Director James Sweeney

CHANGE OF START TIME: Pursuant to the requirements of the Authority's By-Laws, Notice is hereby given of the Regular Board Meeting of the Authority to be held on **Thursday, October 20, 2022 at 9:30 a.m.**, previously scheduled to begin at 10:00 a.m.

Due to necessary precautions relating to Coronavirus (COVID-19), in accordance with the Gubernatorial Disaster Proclamation and current conditions, and consistent with the legislature's recent amendments to the Open Meeting Act, 5 ILCS 120/7(e), which suspend the requirement of a physical quorum, the October 20, 2022 Board Meeting will be held telephonically.

There will be live audio feed of the committee meetings available on the Tollway website at www.illinoistollway.com while in session. Members of the public who wish to make public comment may participate *via* audio conference call by calling **1-844-291-6362 and using the access code: 610-9836.**

Dorothy Abreu, Chair

An audio file will be available five business days after the meeting at www.illinoistollway.com, and written meeting minutes will be available at www.illinoistollway.com after their approval at the next regular Board meeting.

Upon notification of anticipated participation, the Tollway will endeavor to ensure that individuals with disabilities can participate in this meeting. Persons with disabilities who plan to participate and need accommodations to do so should contact the EEO/AA/ADA Officer of The Illinois State Toll Highway Authority at (630) 241-6800, Ext. 1010, at least two days in advance of the meeting, and if possible, the Tollway will provide reasonable accommodations. Related information, which may or may not be applicable to this telephonic meeting, can be found on the Tollway's website: <https://www.illinoistollway.com/about/board-information/>.

ILLINOIS STATE TOLL HIGHWAY AUTHORITY

Extra Work Order

Contract #: I-20-4517
Vendor: F.H. Paschen, S.N. Nielsen & Associates, LLC; Chicago, IL
Description: Roadway and Bridge Reconstruction
Location: Tri-State Tollway (I-294) between MP 17.5 (95th Street) and MP 19.7 (Plaza 36)
Change Amount: \$2,775,000.00

Reason: This construction extra work order is for i.) schedule recovery in the form of premium time for extended shifts and weekend work, ii.) resequencing work operations; iii.) additional labor, material and equipment to complete necessary work, and iv.) winter protection of concrete structures and pavement, and v.) snow removal.
 This work is necessary due to delays caused by a disruption in the supply of aggregate from quarries. Aggregate is used for asphalt, concrete, and backfill for storm sewers on this project.

Impact on Completion: No current impact.

Company Information

F.H. Paschen, S.N. Nielsen & Associates, LLC was founded in the mid 1970's and is headquartered in Chicago, IL. They have a staff of over 200 employees and are one of the largest general contractors in the Midwest and specializing in all aspects of construction.

FAO Committee/Board Meeting
 October 2022
 Engineering Department

Item Number: **6.4/7**
 Activity Type: **Approval/Resolution**

Amendment to Resolution

Contract #: I-20-4519

Vendor: F.H. Paschen, S.N. Nielsen & Associates, LLC; Chicago, IL

Description: Roadway and Bridge Reconstruction

Location: Tri-State Tollway (I-294) between MP 22.3 (75th Street) and MP 24.1 (I-55 Ramps)

Change Amount: \$3,075,000.00

Reason: This item represents a \$3,075,000 amendment to a previously approved extra work order for \$2,000,000 approved at the September 15, 2022 Board Meeting to initiate schedule recovery efforts. The extra work is for i.) schedule recovery in the form of premium time for extended shifts and weekend work ii.) resequencing work operations, iii.) additional labor, material and equipment to complete necessary work, iv.) winter protection of concrete structures and pavement, v.) snow removal, and vi.) revised traffic control and maintenance through winter 2022-23.

This work is necessary due to delays caused by a disruption in the supply of aggregate from quarries. Aggregate is used for asphalt, concrete, and backfill for storm sewers on this project.

Impact on Completion: No current impact.

Company Information

F.H. Paschen, S.N. Nielsen & Associates, LLC was founded in the mid 1970's and is headquartered in Chicago, IL. They have a staff of over 200 employees and are one of the largest general contractors in the Midwest and specializing in all aspects of construction.

Intergovernmental Agreement

Contract #: N/A

Description: IGA with the Cook County Department of Transportation and Highways (“County”)

Scope: The Tollway is constructing a new maintenance facility adjacent to Mileposts 64.8 and 64.9 along I-90 (“Project”) near the intersection of Central Road and Ela Road. As part of the Project, the Tollway intends to perform rehabilitation work at and approaching the intersection, including, but not limited to, traffic signal replacement, removal of the existing median, addition of a westbound Central Road left turn lane, repaving curb radius returns, improving the northwest corner sidewalk to include an ADA ramp, and adding new pavement markings. The County requested the Tollway include in its Project enhancements to the planned traffic signal work, including, but not limited to, new service installation, additional conduit and handholes, additional mast arm assembly and pole, additional concrete foundations, additional signal heads, temporary traffic signal installation, temporary interconnect, new LED internally illuminated street name signs, removal and reinstallation of fiber optic cable in conduit, additional traffic control and protection, new uninterruptable power supply, and a new full-actuated controller and Type V cabinet. The Tollway agreed to include the County’s requested work in its Project subject to the County’s agreement to reimburse the Tollway for the actual cost of the work. The estimated amount of the County’s reimbursement obligation is \$274,201.75.

Amount: IGA Cost to the Tollway is \$0

Contract Award – Tollway Sole Source

Contract #: 22-0109

Vendor: Kapsch TrafficCom USA, Inc.; McLean, VA

Description: Electronic Toll Collection Equipment and Services

Scope: This contract provides a source for the purchase of I-PASS transponders and related Next Generation Roadside Equipment. Transponders are the in-vehicle device typically mounted to the windshield of vehicles which accurately record and track tolling activity. Transponder technology is necessary for detecting and charging electronic tolls and is the most economical means of toll collection; more than 85% of our toll transactions are collected by transponders. Next Generation Roadside Equipment includes transponder readers, antennas, and all other related technology. Services include related project work necessary to upgrade and repair roadside technology, such as the most recent upgrade which allows for the use of 6C sticker tags. Transitioning to sticker tags will reduce costs from \$6.20 to \$0.45 per unit. The technology purchased through this contract is necessary for us to remain interoperable and compliant with the E-ZPass Group. *(Scope continued on page 3.)*

Amount: \$9,200,000.00

Company Information

Kapsch TrafficCom USA is incorporated with 34 years in business and approximately 3,000 employees. They are an international supplier of technology, solutions, and services for the Intelligent Transportation Systems (ITS) market offering end-to-end solutions from a single source.

Item Number: **6.6/1**
Activity Type: **Approval/Resolution**

Contract Award – Tollway Sole Source

Scope: *(continued from page 1)*

To enhance services offered to I-PASS customers and to control costs, the Tollway became a member of the E-ZPass Group through an intergovernmental agreement established in 2004. The E-ZPass Program is the largest, most successful interoperable toll collection program in the world. It consists of 35 toll agencies in 18 states, servicing more than 25 million customer accounts linked to 41 million transponders, and supports the collection of over \$13.2 billion in annual toll revenues. Over \$5.1 billion is transferred between agencies through toll reciprocity programs. The benefits of the consortium allow customers to use their transponders on any other member agency toll road. Over 8% of ISTHA revenue relies on E-ZPass.

Historically, the E-ZPass Group has selected Kapsch as its transponder technology vendor via a competitively bid RFP, and that brand of transponder has been used to take advantage of interoperability among all member agencies.

To increase competition, the most recent RFP was written to allow multiple vendor awards. The E-ZPass Group, via sponsoring agency North Carolina Turnpike Authority (NCTA), is awarding to those qualified vendors providing technology that successfully completes certification testing. This allows E-ZPass agencies to purchase best price from any of the awarded technology providers. Earlier this year, four vendors received preliminary awards (Kapsch TrafficCom USA, TransCore LLP, Neology Inc. and Star Systems).

This sole economically feasible source with Kapsch provides business continuity until an applicable contracting mechanism to utilize the new E-ZPass RFP pricing structure can be finalized.

Contract Award – Tollway Request for Proposal

Contract #: 22-0042

Vendor: Law Enforcement Systems, LLC; Milwaukee, WI

Description: Out-of-State Data Retrieval Services

Scope: This contract provides a source for acquisition of registered owner information for out-of-state license plates. License plate data collected by the Tollway’s enforcement systems is sent to departments of motor vehicles from United States jurisdictions and Canadian provinces. The returned information – including name and address of the vehicle owner – is used to create and invoice accounts. Additional data available through this contract include email addresses, text and/or phone information, and skip tracing services to correct address information. This contract supports the Tollway’s revenue collection efforts by ensuring invoices are sent to the accurate registered vehicle owner. Over the last twelve months, 2.1 million invoices for unpaid tolls were mailed to non-Illinois residents. From these customers, invoice revenue exceeded \$50 million during the same period. Expense incurred for out-of-state registration retrieval over the last 12 months was just under \$2.6 million. Approximately 80% of the services purchased through this contract include fees paid to government agencies that provide the data. The renewal costs reflect growth in projected toll volumes primarily due to opening of I-490.

Amount: \$20,946,000.00 (total requested for the initial term and the possible renewal term)

Company Information

Law Enforcement Systems (“LES”) is a limited liability company with 12 years in business and approximately four employees. They provide collections and data marketing services. LES is a subsidiary of Duncan Solutions, Inc. which is also headquartered in Milwaukee.
