## **OVERNIGHT RAMP CLOSURES SCHEDULED TO CONTINUE IN NOVEMBER AS PART OF THE I-290/I-88 INTERCHANGE PROJECT AT I-294**

*Ongoing temporary closures needed to safely accommodate  
ramp and bridge work and maintain access for traffic*

**DOWNERS GROVE, IL** – Overnight ramp closures with detours will continue this weekend and throughout November for the Illinois Tollway’s ongoing work to reconstruct the I-290/I-88 Interchange at the Tri-State Tollway (I-294).

Multiple nights of closures will be put in place as needed on the ramps connecting I-294, I-290 and I-88. Electronic message signs and construction signage will be put in place in advance to alert drivers to the overnight closures, detours and traffic shifts. Up-to-date closure information will be available on the Illinois Tollway’s [Daily Construction Alert](#). All work is weather dependent.

On Saturday, November 5, on southbound I-294 between Butterfield Road and the Cermak Road Toll Plaza, a single lane closure is scheduled to begin at 10 p.m., followed by full closure of the ramp connecting westbound I-290 to southbound I-294 at midnight. A detour will be posted routing westbound I-290 traffic to Roosevelt Road and to York Road where traffic will be directed through the interchange to access southbound I-294. All lanes and the ramp are scheduled to reopen by 7 a.m. on Sunday, November 6.

On Sunday, November 6, beginning at 9 p.m., and continuing until 1 a.m., Monday, November 7, two lanes are scheduled to close on northbound I-294 between 31<sup>st</sup> Street and 22<sup>nd</sup> Street, along with a single lane closure on the ramp connecting northbound I-294 to westbound I-88.

In addition, at 10 p.m. on Sunday, November 6, a single lane closure is scheduled to begin on northbound I-294 between Roosevelt Road and Butterfield Road, and the ramps connecting eastbound I-88 to northbound I-294 and eastbound I-88 to westbound I-290 are scheduled to close at midnight. The posted detour will route traffic onto eastbound I-290 to Mannheim Road and then through the interchange to access westbound I-290 and northbound I-294. All lanes and the ramps are scheduled to open at 5 a.m. on Monday, November 7.

Throughout November, additional closures will be scheduled as needed at the I-290/I-88 Interchange at I-294, including the overnight closures and detours of the ramps connecting northbound I-294 and eastbound I-88 to westbound I-290.

Overnight closures and detours of ramps at the I-290/I-88 Interchange at I-294 are scheduled to continue through the end of the year as needed. Information including maps, construction updates are available in the Projects section on the Tollway's website at [www.illinoistollway.com](http://www.illinoistollway.com).

Construction in this area is being coordinated with the Illinois Department of Transportation, Village of Berkeley, City of Elmhurst, Village of Hillside, City of Northlake and Village of Oak Brook, as well as local fire and police departments.

Work in 2022 at the I-290/I-88 Interchange at I-294 includes ongoing construction of mainline bridges and work to build a temporary ramp from southbound I-294 to eastbound I-290 and westbound I-88. Additional work this year includes completion of improvements on the St. Charles Road Bridges over I-294 and I-290 as well as rebuilding four ramps that connect St. Charles Road to I-290, in Berkley and Elmhurst.

The reconfiguration and reconstruction of the I-290/I-88 Interchange is estimated at \$700-\$800 million and will reduce congestion, improve safety and address operational issues, as well as infrastructure conditions as part of the Illinois Tollway's \$4 billion Central Tri-State Project. Work started in 2020 and is scheduled to be complete by the end of 2026.

### **Work Zone Safety**

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present. On I-294, a 45 mph work zone speed limit is in effect throughout the construction season.

The Illinois Tollway reminds motorists that the "Move Over Law" requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

### **About Move Illinois**

The Illinois Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 152,000 jobs and linking economies throughout the region. The first 10 years of *Move Illinois* are on schedule and within budget, delivering the rebuilt and widened Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21<sup>st</sup> century corridor and opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the Elgin O'Hare Western Access Project and planning for emerging projects, including reconstruction of the Central Tri-State Tollway (I-294).

### **About the Illinois Tollway**

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
