Contract Award – Tollway Emergency

Contract #: 24-0154

Vendor: National Tek Services, Inc.; Spring Grove, IL (BEP/SB)

Description: Emergency Mobile Computer-Aided Dispatch (CAD) Licenses

Scope: This emergency procurement necessitates the acquisition of 125 Infor eDispatch Mobile Client user licenses from National Tek Services. These licenses are vital for facilitating seamless communication between the Tollway’s Dispatch Center and the Tollway's first responders, including the Illinois State Police. Additionally, it entails the acquisition of 10 additional Infor EnRoute CAD Seats which will enable internal Tollway staff to handle non-emergency *999 calls for service.

The Tollway's 24/7 emergency dispatch operations center handles approximately 150,000 service calls annually. This emergency acquisition is paramount to ensure continuity in providing the same level of service. The urgency of this procurement is due to the State of Illinois not extending the master contract for the Illinois Wireless Information Network (IWIN) program. Consequently, the Tollway opted to procure the Infor eDispatch licenses and EnRoute CAD Seats due to their compatibility with our dispatch system.

Amount: \$200,000.00

Company Information

National Tek Services is incorporated with 21 years in business and approximately four employees. They provide comprehensive IT services, solutions, and staffing to corporate and governmental entities. National Tek Services is a BEP certified vendor. They are also a registered small business in the State of Illinois.

Change Order / Extra Work Order

Contract #: I-20-4727

Vendor: Lorig Construction Company; Des Plaines, IL

Description: Roadway and Bridge Construction

Location: Elgin O'Hare Western Access (I-490) between MP 0.6 (Franklin Avenue) and MP 1.0 (Illinois Route 19 (Irving Park Road))

Change Amount: \$3,250,000.00

Reason: This construction change order / extra work order is required to address the hauling and disposal of unsuitable material discovered in the area designated for construction of the I-490 bridges over the Canadian Pacific Kansas City Southern (CPKC) rail yard. The material was determined to be unsuitable while performing excavation for construction of the new bridges. The work includes hauling and disposal of the unsuitable material at an offsite facility. The change order / extra work order provides for the additional labor, equipment, and materials necessary to complete the work. The amount of the change order / extra work order is estimated and only actual costs will be paid.

Impact on Completion: No current impact.

Company Information

Lorig Construction Company was founded in 1986. The firm is headquartered in Des Plaines, IL, and has a staff of over 300. Lorig provides bridge and structural concrete construction, road construction, earth retention systems, pile driving, and sound wall construction.
