

PUBLIC NOTICE
The Illinois State Toll Highway Authority
NOTICE OF COMMITTEE MEETING
Monday, July 13, 2020

Public Notice is hereby given of the following Board Committee Meeting to be held on Thursday, July 16, 2020.

- **Finance, Administration & Operations Committee Meeting**
July 16, 2020 – 9:45 a.m.

Due to necessary precautions relating to Coronavirus (COVID-19), in accordance with the Gubernatorial Disaster Proclamation and current conditions, and consistent with the legislature’s recent amendments to the Open Meeting Act, 5 ILCS 120/7(e), which suspend the requirement of a physical quorum, the July 16, 2020 Finance, Administration & Operations Committee Meeting will be held telephonically.

There will be live audio feed of the committee meetings available on the Tollway website at www.illinoistollway.com while in session. Members of the public who wish to make public comment may participate *via* audio conference call by calling 1-800-875-3456 and giving the verbal passcode: “Tollway”.

An audio file will be available five business days after the meeting at www.illinoistollway.com, and written meeting minutes will be available at www.illinoistollway.com after their approval at the next regular Board meeting.

Activity Type: Approval/Resolution

Contract Renewal – Banking Services through the Illinois State Treasurer’s Office

Contract #: Contract issued by the Illinois State Treasurer’s Office

Vendor: Bank of America; Chicago, IL

Description: Banking Services for the Tollway, and for the Treasurer as custodian for the Tollway, in accordance with the Treasurer’s Procurement Regulations.

Scope: This contract provides a continued source for normal and customary banking services and armored car services via a contract issued through the Illinois State Treasurer’s Office. In September 2014, the Illinois State Treasurer issued a competitive Request for Proposal which was ultimately awarded to Bank of America. The Tollway is required to use this contract for banking services including depository services, check-clearing services, information reporting, wire and ACH transfers, purchased rolled-coin services, re-verification of coin bags deposited, and armored car delivery services.

This renewal request will therefore amend Resolution No. 21838 dated 7/18/19 by increasing the upper limit of compensation by \$350,000.00 for an additional one-year period. Upon expiration of this term, the Treasurer may elect to extend this Agreement for a period of time and terms agreed upon by the parties that are consistent with the Treasurer’s procurement regulations not to exceed a total term of ten (10) years.

Company Information

Bank of America is one of the world’s leading financial institutions serving individual consumers, small and middle-market businesses and large corporations with a full range of banking, investing, asset management, and other financial and risk management products and services. The company serves approximately 66 million consumer and small business clients with approximately 4,400 retail financial centers. Although Bank of America is headquartered in Charlotte, North Carolina, the Tollway is served by their Chicago office. The bank has \$2.4 trillion in assets with short-term ratings of P-1/A-2/F1 and long-term ratings of A2/A-/A+.

Contract Award – Tollway Sole Source

Contract #: 20-0106

Vendor: Accenture LLP; Chicago, IL

Description: Toll Technology Revenue and Maintenance Services
(Subject to approval at the Sole Source Hearing on Date TBD)

Scope: This contract provides a source for the purchase of necessary technology enhancements and maintenance services that enables the Tollway's Accenture Tolling Solution (ATS) back-office tolling system to provide revenue assurance and evolve new customer service and financial innovations.

The ATS system is responsible for the processing and reconciliation of all Tollway revenue, customer service applications, e-commerce functionality, and interface management with multiple supporting services and revenue channels. Beyond continuity functionality, it is necessary for the Tollway's mission to adapt and innovate business processes, including strategic toll reform initiatives involving cashless electronic collection and streamlined revenue collection, as the Tollway prepares to outsource the collection of the violation enforcement process. This contract will also provide services to support the ever-changing Tollway service footprint (new lanes, plazas, and roadways); update toll technologies for scale, performance, and security; and interface with newly procured contractors (violation enforcement outsource, registered owner providers, and interoperable partners). *(Scope continued on page 3.)*

Amount: \$45,400,000.00

Company Information

Accenture LLP is a leading professional services firm that sells, implements, and supports large technology solutions for businesses and governments. Accenture has a 31-year history of working with SAP.

Prime vendor has committed to 10% BEP participation.

Scope: *(continued from page 1)*

The Tollway is one of the largest revenue-generating toll roads with the largest volume of electronic toll transactions in North America. There is no other tolling solution, immediately available, that could offer the functionality we have put into place at the volumes of transactions we generate. Our SAP solution is recognized as the most advanced system in place in the industry. While we anticipate that the succeeding system will invite new enterprise solution providers that may build off the platform that we have pioneered, ATS is currently the only option for a revenue engine in the immediate future and is critical to the collection of tolls and our entire business process.

Approval of the requested contract will provide the necessary enhancements for business changes to enhance our revenues, manage our costs, and improve customer service. Additionally, approval of the request contract will support ongoing maintenance to support the complex multi-layered system comprised of a custom-developed Operational Back-Office (OBO) that processes toll transactions, a Commercial Back-Office (CBO) environment utilizing customized SAP for customer account management, a self-service web portal for customer access with account management, as well as a wide range of other commercial or custom software applications.
