

**THE ILLINOIS STATE TOLL HIGHWAY AUTHORITY**

**April 10, 2012**

**DESIGN BULLETIN No. 12-02**

**SUBJECT: TRAILER MOUNTED FULL MATRIX PORTABLE  
CHANGEABLE MESSAGE SIGN**

The Tollway is committed to providing clear, detailed messages to the motorists approaching construction zones. Therefore, Design Section Engineers (DSE) are hereby directed to provide Trailer Mounted Full Matrix Portable Changeable Message Signs (FMPCMS) in addition to IDOT standard portable changeable message signs needed for the contract.

DSE's shall provide in the Contract, three (3) FMPCMS on the Tollway per approach to the construction area. DSE should also determine if additional FMPCMS are needed on the crossroads.

Paul D. Kovacs, P.E.  
Chief Engineer
